

## Knotty Spiders

Our friends at Purina have come up with this super cute, fun cat toy that's easy to make. Read the instructions below to see how easy it is to make a knotty spider!

### Materials needed:

- > 2 sheets of felt/fabric (preferably two different colours)
- > 1 plastic ring from a milk or drink bottle
- > 1 pair of scissors

### Instructions:

- 1** Cut eight equal strips from one of your felt sheets. Cut eight more strips from the other piece of felt.

- 2** Place a strip of felt through the plastic ring, and tie it in a double knot.

- 3** Tie a different colour felt to the ring.

- 4** Continue alternating between colours. Keep tying knots until the ring is full.

*Remember to rest your hands when needed!*
