

Origami Bird Instructions

Origami is the Japanese art of making shapes and figures out of pieces of paper - you can even make animals. Follow the directions below to make your very own origami bird!

Instructions:

- 1 Start with a square piece of paper, approximately 15cm x 15cm.

- 2 Fold the square in half, left to right.

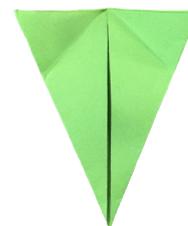

- 3 Next, fold corners into the middle of the square along the centre line.

- 4 Flip the paper over and fold the top corner of the paper down.

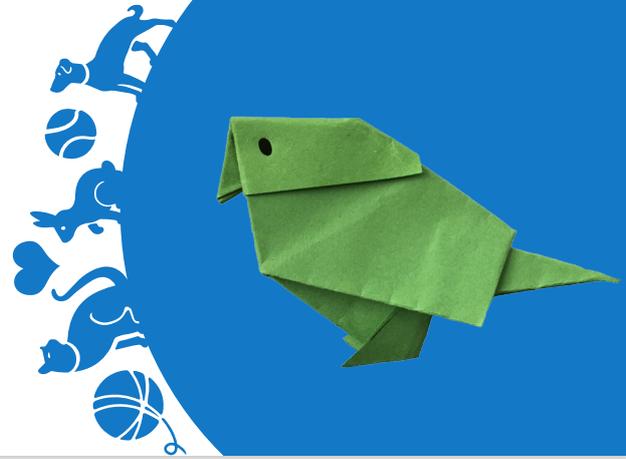

- 5 Flip the paper over again and fold the corners down to the centre line.

- 6 Unfold the corners.

Origami Bird Instructions

Origami is the Japanese art of making shapes and figures out of pieces of paper - you can even make animals. Follow the directions below to make your very own origami bird!

Instructions continued:

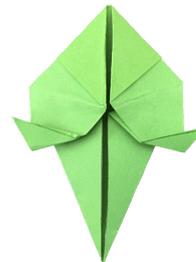

7 Open the right side.

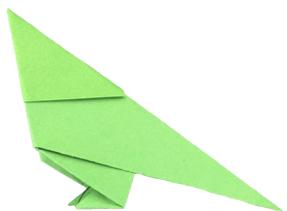

8 Reverse fold the right side inward. Then, do the same on the left side.

9 Flatten both sides.

10 Fold the flaps upward. These will be the bird's feet.

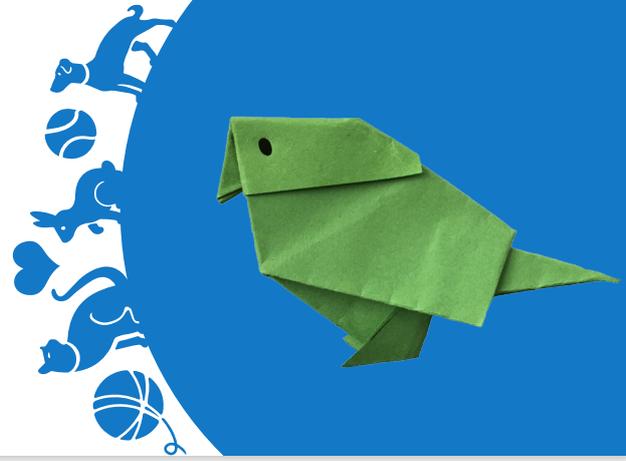

11 Fold the paper along the middle crease, making your bird's body.

12 Fold the top point down.

Origami Bird Instructions

Origami is the Japanese art of making shapes and figures out of pieces of paper - you can even make animals. Follow the directions below to make your very own origami bird!

Instructions continued:

- 13** Unfold the flap and make a reverse fold to create your bird's beak.

- 14** Fold the tail upward, and then back down, creating two creases.

- 15** Reverse fold the tail under the bird.

- 16** Finally, draw your bird's face and you're done!
