

## Origami Chicken Instructions

Origami is the Japanese art of making shapes and figures out of pieces of paper - you can even make animals. Follow the directions below to make your very own origami chicken!

### Instructions:

- 1 Start with a square piece of paper, approximately 15cm x 15cm.

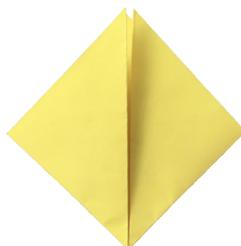

- 2 Fold the square in half, left to right to make a triangle.

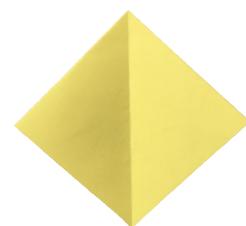

- 3 Next, fold the square the opposite way.

- 4 Fold the paper back into a triangle and fold the right corner to the top.

- 5 Fold the left corner to the top point.

- 6 Flip the paper over.

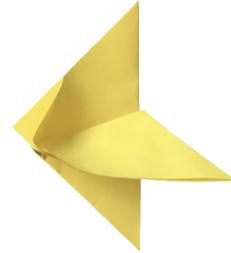

## Origami Chicken Instructions

Origami is the Japanese art of making shapes and figures out of pieces of paper - you can even make animals. Follow the directions below to make your very own origami chicken!

### Instructions continued:

**7** Fold the paper in half with the flaps on the outside.

**8** Fold the flap down at the middle and push the flap on the left inward.

**9** Flatten both flaps down. This makes your chicken's wing.

**10** Do the same on the other side.

**11** Flatten the bottom point of the paper.

**12** Reverse fold the point inward, creating your chicken's feet.

## Origami Chicken Instructions

Origami is the Japanese art of making shapes and figures out of pieces of paper - you can even make animals. Follow the directions below to make your very own origami chicken!

### Instructions continued:

**13** Unfold the paper.

**14** Fold the tip of the top front flap down.

**15** Fold the paper in half again.

**16** Reverse fold the top point to make your chicken's beak.

**17** Finally, draw your chicken's face and you're done!
