

# Origami Rabbit Instructions

Origami is the Japanese art of making shapes and figures out of pieces of paper - you can even make animals. Follow the directions below to make your very own origami rabbit!

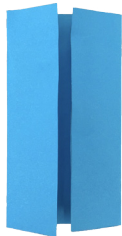

## Instructions:

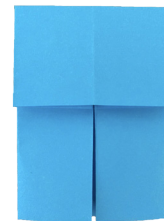

- 1 Start with a square piece of paper, approximately 15cm x 15cm.

- 2 Fold the square in half.

- 3 Next, fold the sides in along the centre crease.

- 4 Fold the top down, almost halfway.

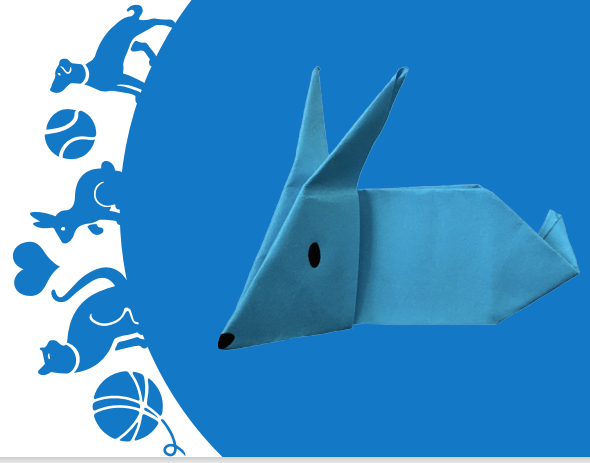

- 5 Undo the last fold and open the corners, bringing the top downward.

- 6 Flatten the top, making a shape similar to a house.

## Origami Rabbit Instructions

Origami is the Japanese art of making shapes and figures out of pieces of paper - you can even make animals. Follow the directions below to make your very own origami rabbit!

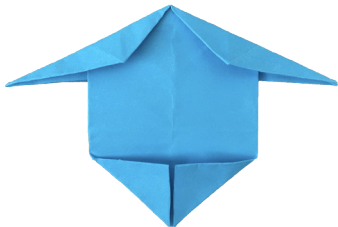

### Instructions continued:

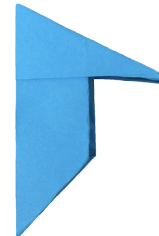

**7** Flip the paper over.

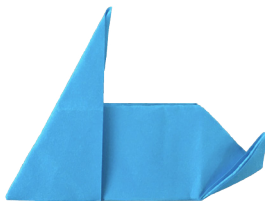

**8** Fold the top right and left corners down.

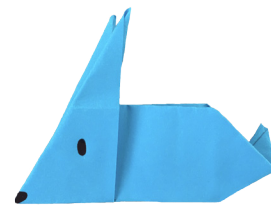

**9** Fold the bottom left and right corners to the middle crease.

**10** Fold the paper in half.

**11** Rotate the paper and fold the right corner up to make the tail.

**12** Finally, reverse fold the tail and draw your rabbit's face!
