

## SPCA Mascot Memory Cards

Print these awesome SPCA Mascot Memory Cards on card paper, cut them out, and test your memory skills with the game below!

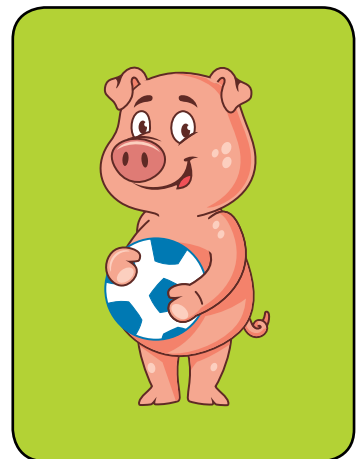

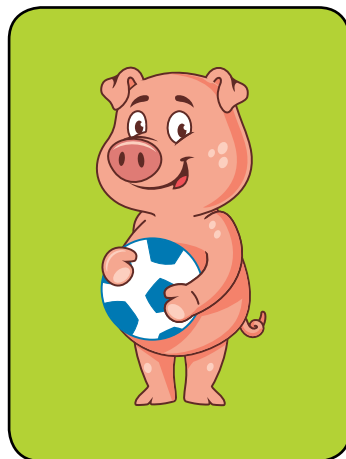

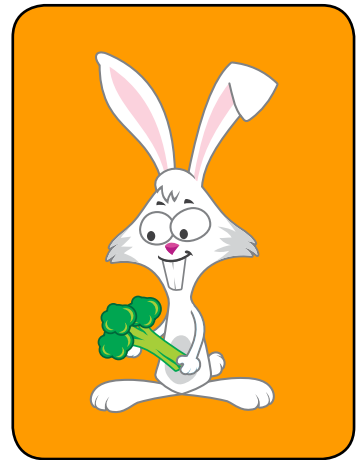

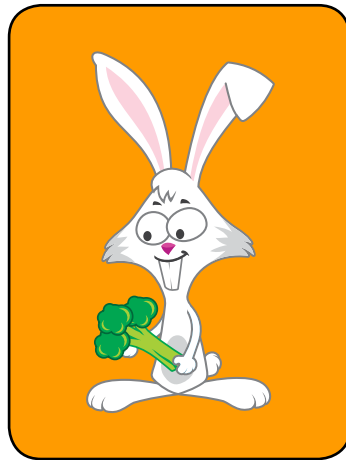

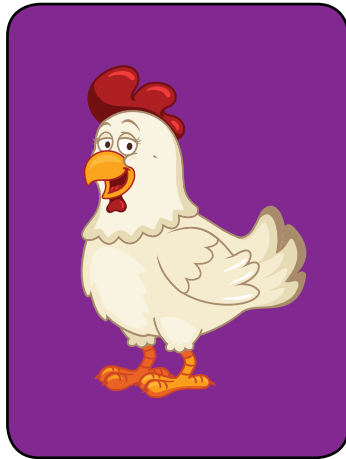

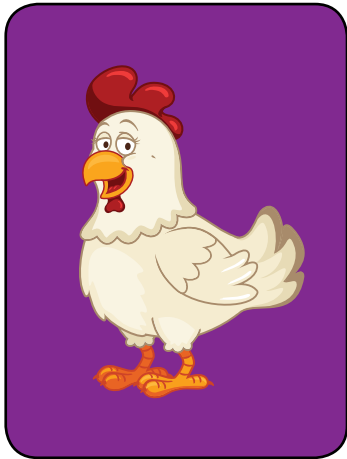

### Instructions:

Place the cards face down in even columns and rows (ex. 5 x 5). You can use as many of the pairs as you would like to start, then you can add more each game until you're using all of the cards. Flip one card, then flip another card to try and find its pair. If you find a match, you keep the pair and have another turn. If you do not find a match, turn the cards back over and the next player gets their turn, and so on. The player with the most matches at the end wins!
