Companion Animals

Set 1 Workbook

ECE to Junior Primary

About the SPCA Home Learning Booklets

About

Thank you for downloading one of SPCA's Home Learning Booklets. We are so happy you want to learn more about animals and we are excited to see some photos of the activities you do. Here are some instructions on how to use these booklets.

We have three sets of booklets. Each set has similar activities but they become progressively more difficult. Choose the set that will be the best challenge for you. In each set there are three booklets; one for companion animals, one for farmed animals and one for wildlife.

Each booklet has 12 activities. We would like you to do at least 7 of the activities. There are different types of activities that include arts and crafts, reading, writing stories and maths problems, so that you can choose the type of activities that you enjoy. At the back of the booklet, there is a checklist for you to tick off the activities you have done.

Once you have completed at least 7 activities, send a copy of the checklist you have filled in at the back of the booklet and photos of your two favourite activities to education@spca.nz. We would love to share your work, so by sending in your photos you are agreeing for SPCA New Zealand to share your work on the SPCA Kids' Portal and within SPCA social media postings. If you do not want your photos to be shared, please tell us in your email when you send them in.

When you send us your checklist and photos we will send you a digital badge to recognise your hard work.

You may only want to do one booklet, or you may want to do all three in the set. Send in your work to get the digital badge each time you complete a booklet. If you decide to complete all three booklets, send a picture of all three of your digital badges to show us that you have completed them all and receive an SPCA Certificate and paw badge you could pin to your school bag or pencil case.

Some of the activities will be done in the booklet and for some of the activities you will be creating things. You can print the booklet and fill in the activities on paper or you can download the booklet and fill in the activities digitally. For any activities that you do not do in the book, take a photo of what you made or what you did, and add it to your booklet.

At the back of the booklet there is a colouring sheet which you may like to do and some information about other ways you can get involved with SPCA. There are also some blank pages if you need more space to do any of the activities.

If you need any information about animals to help you while you are working through these activities, go to the [SPCA Kids' Portal](#) for information about caring for lots of different animals and how to be a responsible animal guardian.

Safety Reminders

The safety of you and the animals that are part of the activities is the most important thing while working through these booklets. Below we have made a list of things to help keep you and the animals safe.

- > Always have an adult with you if you are completing an activity away from home. For example, visiting the library, a farm or a local habitat.
- > Always have an adult helping you if you are working with tools.
- > Make sure you are being cyber safe if you are working on the computer for any of your activities.
- > All enrichment items or other items that are for animals must be checked by an adult before they are given to the animal. Any items that are for an animal that is not yours must be checked by that animal's guardian before the items are given to the animal.
- > All enrichment items must be made with non-toxic materials and have no loose, sharp or broken bits on them that could injure an animal. Ask an adult to help you get together your materials.
- > Animals need to be supervised while they are using enrichment items. Items with string can be dangerous if animals are left alone with them and should be packed away when play time is over.
- > If you are observing animals or taking photos of them, give them lots of space and watch them calmly and quietly. The amount of space they need will depend on the animal. If you are observing a companion animal, you are able to be much closer to them than if you are observing wildlife. This is important to keep yourself and the animals safe.

It's now time to begin! ENJOY!

Let's go.
Follow me!

Baking Pupcakes

Animals need to have good nutrition to be happy and healthy. This means they need the right type of food for them and the right amount of food. Animals can also occasionally eat some animal treats. Get an adult to help you follow the recipe to bake these pupcakes for your dog or for a family member's dog. Watch the Youtube video here: www.youtube.com/watch?v=xDTudg1k6vc

Ingredients

- > 2¾ cups water
- > 1 cup fresh or dried apple pieces
- > ¼ cup unsweetened apple sauce
- > 1 teaspoon baking powder
- > ¼ cup oats
- > 1 egg, beaten
- > ¼ teaspoon vanilla
- > 4 tablespoons honey
- > 4 cups wholemeal flour

Reminder:

Just like humans, animals can become unhealthy if they eat too many treat foods. Treats should be given as part of a balanced diet.

SPCA does not recommend feeding pupcakes to dogs with special dietary needs, on specialised diets or who are particularly sensitive to any foods. If in doubt, please check with your vet.

For other dog-safe homemade treat recipes go to: www.spcan.z/advice-and-welfare/article/homemade-treats-for-your-dog

1

Preheat the oven to 180 °C and line a 12 cup muffin pan with cupcake liners

2

Mix the wet ingredients (water, apple sauce, vanilla, egg and honey) thoroughly.

3

Mix the dry ingredients (oats, flour, apple pieces and baking powder) in a separate bowl.

4

Slowly add the wet ingredients to the dry ingredients and mix.

5

Pour into the cupcake liners.

Bake for 1-1½ hours, depending on your oven. Insert a toothpick into the centre of a pupcake, if it comes out dry, they are ready to come out of the oven.

Wait until cooled and take off the cupcake liner before serving one to your pup.
Store leftovers in a sealed container.

Animal Behaviour

What does your animal do all day? Do they spend most of their time sleeping? Do they have a favourite toy?

One way scientists learn about the world is by making observations. Observing means that you watch and take notice of what you see. Observe (watch) an animal's behaviour to find out more about them, this could be your animal, a friend's, neighbour's or whānau member's animal.

Sit near the animal you are observing and set a timer for 10 minutes.

When the alarm goes off, after 10 minutes, draw what your animal is doing and where they are.

Ask an adult to write a few words about your picture, or you could write a key word, such as; bed, food, water or play.

Do this 4 times.

Tip: Work on some other activities in this book while you are waiting.

Animal Origami

Reading instructions helps us learn how to do things. With an adult, read these instructions to learn how to make an origami dog.

Instructions

1. Start with a square piece of paper.

2. Fold it in half and then unfold it.

3. Fold it in half the opposite way.

4. Turn the paper so that the top of the triangle is facing down.

5. Fold the right and left corners down to make the dog's ears.

6. Fold the bottom of the triangle up to make the dog's nose.

7. Tuck the bottom layer of the nose under the face.

8. Draw on the dog's face.

9. If you want to make a body, get another square piece of paper.

10. Fold it in half to make a triangle. Fold the bottom right corner up.

11. Add the dog's head to the body and you're done.

Tip: For instructions on how to make other animals visit the [SPCA Kids' Portal - Animal Origami](#)

Read an Animal Book

Animals are part of so many great story books! Visit a library and find some books about animals.

Draw a picture about your favourite animal book you borrowed from the library. Record the details of the book. Practice your writing and fill out the information by copying from the book, or ask an adult to help you.

♥  **Companion Animal Costs**  

There are lots of things that animal guardians (owners) need to buy for their animals to take care of them.

 Visit the supermarket or the pet shop and find the price of the following items for a cat:

\$

\$

\$

\$

Animal Care Chart

As well as buying things to care for animals, you also need to spend time caring for them. It takes time to feed and keep them company, clean their bowls, toys, bedding and enclosures, give them exercise and play with them.

Sometimes when we are having fun playing it can be hard to remember to do our jobs, like cleaning.

Our animals need us to feed and take care of them, so it's very important we don't forget!

Cut out the 'Animal Care Chart' on the next page.

Draw symbols of the jobs you need to do to care for your animal(s).

Put it somewhere where you will see every day to remind you of the jobs you need to do to help care for your animal.

Tick your chores off as you do them each day.

Animal Care Chart

Name: _____ **Date:** _____

Animal Name: _____

Responsibility

M **T** **W** **T** **F** **S** **S**

If you do not have any animals at home, in the box below draw the companion animal(s) you would love to care for.

Do you think your family would have enough free time to care for me?

Think about what you would need to do to care for this animal, how long would it take and how often would you need to do it.

Some responsibilities to consider:

Feeding

Play Time

Exercising

Grooming

Cleaning

Sock Puppets - Feeling Crafty

Use an old sock to create an animal sock puppet.

Sew or glue scraps of fabric, buttons or pompoms on to make ears, eyes, a nose and a mouth. Wool makes great whiskers!

What else could you use to add features to your animal?

Many animals like to live with another animal who is the same as them. You could make two sock puppets.

After you have made your sock puppet you could use it to do a puppet show for your family and friends. Recycled cardboard make great stage props.

Adoption Poster

SPCA have many animals who need loving families to adopt them. Help Mimi the cat find a forever family by making an adoption poster that will tell people all about her, and help them decide if they are the right family for her. You may like to use the adoption poster on the next page or create your own poster

Mimi is a black and white female cat.

She is two years old.

Mimi would be happy to live with other cats but not with dogs.

Mimi likes children.

She is available for adoption at the SPCA Centre in Nelson for \$125

_____ needs a fur-ever home

What I like or need:

Children

A quiet home

Dogs

Cats

Butterfly Toy

Do you enjoy playing with toys? Toys (enrichment items) are a great way to help keep an animals mind and body busy so that they are happy and healthy.

Make this butterfly toy for your cat or kitten. If you don't have a cat or kitten, gift it to someone with a cat, or to your local SPCA centre.

Materials needed

- > 2 pieces of craft paper or coloured card
- > String or wool

- > Pipe cleaner
- > Scissors

Instructions

- 1 Fold paper in half to make a triangle.
- 2 Working from the centre line out make 1cm zig zag folds on each half.
- 3 Repeat with second piece of paper.
- 4 Pinch together at centre.
- 5
 - a. Wrap firmly with a pipe cleaner and twist to secure. Fold over sharp ends, bend pipe cleaner to resemble antennae (for cats and kittens at home).
 - b. Wrap firmly with string and knot to secure, leave a short length of string either side to resemble antennae (for cats and kittens at SPCA).
- 6 Open up the wings.
- 7 Time to play!

Animal Photo Collage

For animals to be happy and healthy they need to have

- > Good nutrition → Suitable food and water.
- > A good environment → safe , comfortable, interesting place to live.
- > Good health → Disease and injury prevented or rapidly treated by a vet.
- > Natural behaviour → Have opportunity to behave in a natural way.
- > Mental wellbeing → To experience positive feelings and experiences.

How does your family make sure your animal has these things? Take photos of your animal and how you make sure they have good nutrition, environment, health and can express natural behaviour and experience happiness.

Using a photo collage app or print and cut out the photos to make a photo collage.

You may even like to add a few words to the collage too.

Spending Time Together

It is important to spend time with your animals every day so that they have company, you can get to know them and they feel safe around you.

Think of an activity you can do with your animal to spend time with them, something they will enjoy.

It could be playing with their toys with them, sitting down in a comfortable spot reading a book to them or taking them for a walk. These are just some ideas; you may have others.

Get someone to take a photo of you and your animal doing this activity.

Email the photo to another kind and caring person – they may be a whānau member, friend, teacher or someone else.

We would love to see it too – email it to education@spca.nz

Animal Feelings

Animals tell us how they are feeling with their bodies and sounds. Their ears, tail, fur, mouth and eyes can all give us clues about how they might be feeling.

Draw a line to match each cat picture down to the picture of the person showing the same or similar feeling.

*Learn more about cat feelings and body language in the answers section

 Have you checked off at least seven activities?

Send a copy of this page, along with photos of your two favourite activities, to education@spca.nz.

By sending in your photos you are agreeing for SPCA New Zealand to share your work on the SPCA Kids' Portal and within SPCA social media postings. If you do not want your photos to be shared, please tell us in your email when you send them in.

Answers

Animal Feelings

Cat

Person

Angry

The cat is lying down, their ears are flat, their mouth is open, they might be hissing or growling and their teeth are showing.

Excited

The cat's eyes are a normal shape and their ears are in a normal position. They may be playing with toys and meowing.

Happy

The cat looks relaxed with their mouth closed, eyes a normal shape, ears in a normal position and tail up. Their fur is smooth.

Worried

The cat's body and head are low, their tail is tucked under, their ears are back and they may be yawning or licking their lips.

Frightened

The cat's fur is sticking up, their ears are low and pointing out, their teeth are showing and their back is curled up. They may be growling.

More Ways To Be Involved

We hope you enjoyed working through this booklet! Are you looking for more ways you can learn about animals and be involved with SPCA now that you have finished the booklet?

The SPCA Kids' Portal

- > The [SPCA Kids' Portal](#) has [puzzles](#) (and [these puzzles](#) and [even more puzzles](#)) [colouring pages](#), [origami](#), [drawing instructions](#), [a place to share your work](#) and lots of quizzes.
- > Check out the [SPCA Kind Matters Kids' Newsletter](#). Kind Matters comes out every term and had loads of information about all sorts of animals, instructions for craft activities, competitions, puzzles and more. Ask an adult to help you subscribe to this with an email address.

Donate for the Animals

- > Make enrichment items for your local SPCA Centre. When animals come to SPCA Centres we love to be able to give them enrichment items to play with to keep them busy.
- > Take part in SPCA Cupcake Day. SPCA Cupcake Day happens once a year and is a fun and tasty way you can help raise funds for SPCA to help us care for the animals.

Connect Online

- > Ask your families and teachers to keep up to date with SPCA's Education Programme for kids by joining the [SPCA NZ Education Community group](#) on Facebook.
- > Let your teachers know about the SPCA Teachers' Portal.

Become an Animal Guardian

- > Some animals need extra care before they are ready for adoption so families volunteer to care for these animals for a short amount of time. This is called fostering. SPCA will give you everything you need to care for the animal(s) you are looking after.
- > If your family has decided to get an animal, consider adopting one from SPCA. When you adopt an animal from SPCA you are giving them a second chance at a happy, healthy life. The staff at SPCA will help to match your family with the right animal for them and can give you lots of advice about training, feeding and behaviour.

If you need any more space to do any of the activities use the following pages.
