

Shreddable Companion Bird Toy

Birds love exploring with their beaks and shredding paper. Combine the two with this awesome enrichment toy for your companion bird!

Note: String can be a choking and strangling hazard for animals. Always supervise your birds when they are using this enrichment toy.

Materials needed:

- > Twine
- > Scissors
- > Newspaper
- > Hole punch
- > Cardboard

- 3 Place ends of paper together and hole punch at the ends.

- 4 Slide both holes down to the bottom of the twine to create a circle shape. Each layer should be slightly longer than the first, then once you reach the middle, make strips shorter.

- 5 Once finished, secure with knot.

Instructions:

- 1 Secure a knot and braid/plait the twine. Once done, put a small piece of cardboard over the knot to keep paper in place.

- 2 Cut newspaper into different sized strips.
