

Plaited Dog Tug Toy

Dogs and puppies love toys to play with. Playing helps keep them happy and busy. Making a plaited tug toy is a fun way to create something special for a dog.

Safety note: Remove any buttons that could be chewed off and cause choking.

Materials needed:

- Fabric (old towels, flannelette sheets, pillow cases or duvets work well) from 60cm - 1m in length
- Scissors

Instructions:

Cut or tear fabric into three equal lengths.

Collect all three together at the end and tie in a secure knot.

Start plaiting, making sure the plaits are tight.

Once you have reached the end, tie another secure knot. Time to play!
