

## Wand Toy

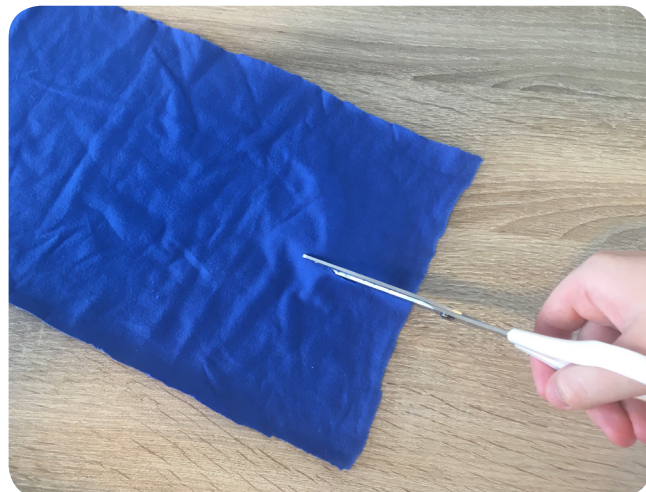

This wand toy is a great interactive toy that is both fun and positive for you and your cat or kitten. Not only can it allow cats and kittens to express natural behaviours, but it can also help strengthen your bond!

### Materials needed:

- > Scrap material
- > Stick
- > String
- > Scissors
- > Non-toxic glue

- 2 Cut a few long strips of fabric, approximately 7-8cm wide.

### Instructions:

- 1 Cut a piece of string, approximately double the length of the stick.

- 3 Create a no-sew cat toy using the instructions found [here](#).

- 4 Next, cut several small strips of material, approximately 2cm wide x 7-8cm long.

- 6 Repeat step 5 several times, making a long line of tied strips up the string.

- 5 Tie the strips of fabric in a knot around the string, then slide them to the bottom.

- 7 Cover one end of the stick in glue and wrap the end of the string several times until it reaches the end.

*Remember - cats must always be supervised when playing with this toy!*
